10 October 1956

Your letter of September 17, 1956, regarding the testing of your intelligence detection equipment at White Sands Proving Ground has been most gratefully received.

I feel, as you, that considerable valuable data and guide-lines were obtained during the course of the tests. I was also very pleased to hear that the operation was conducted so smoothly and that the cooperation of all concerned was so willing and effective.

I hasten to point out that our Department of Defense was the agency which primarily rendered such timely and cooperative service. Accordingly, I have forwarded your letter to the Secretary of Defense, as I am sure he will be most interested in your reaction.

Sincerely,

(signed)

C. P. Cabell  
Lieutenant General, USAF  
Acting Director
